### REMARKS

By this amendment, claims 1, 4, 5 and 7 have been amended. Claim 3 has been canceled. Claims 1, 2 and 4 - 17 remain in the application. This application has been carefully considered in connection with the Examiner's Action. Reconsideration and allowance of the application, as amended, are respectfully requested.

#### Allowable Subject Matter

Claims 3-5 and 7-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Allowability of claims 3-5 and 7-10 is noted with appreciation.

In place of rewriting claim 3 which depends from claim 1 with no intervening claims, claim 1 has been amended to include the limitations of allowable dependent claim 3 (now canceled). Accordingly, claim 1 is prima facie allowable. Claims 4 and 5 have been amended to depend from now allowable amended claim 1. Accordingly, claims 4 and 5 are prima facie allowable.

Claim 7 has been amended to be in independent form, including all of the limitations of the base claim and any intervening claims. Accordingly, claim 7 is in prima facie condition for allowance. Claims 8-10 which depend from now allowable amended claim 7 are prima facie allowable.

#### Rejection under 35 U.S.C. § 103

Claims 1, 6, 11, 12 and 14-17 are rejected under 35 U.S.C. § 103(a) as being unpatentable over Mazess et al (US 5,841,833) in view of Vining (US 6,366,800). With respect to claim 1, claim 1 has been amended herein to include the limitations of allowable dependent claim 3. Accordingly, claim 1 is prima facie allowable. Claims 6, 11, 12 and 14-17 depend from and further limit, in a patentable sense, now allowable

amended claim 1. Accordingly, claims 6, 11, 12 and 14-17 are prima facie allowable. The rejection of claims 1, 6, 11, 12 and 14-17 under 35 U.S.C. §103 should be withdrawn.

### Conclusion

It is clear from all of the foregoing that independent claims 1 and 7 are in condition for allowance. Dependent claims (2, 4-6 and 11-17) and (8-10) depend from and further limit independent claims 1 and 7, respectfully, and therefore are allowable as well.

The amendments herein are fully supported by the original specification and drawings; therefore, no new matter is introduced.

An early formal notice of allowance of claims 1, 2 and 4-17 is requested.

Respectfully submitted,
